Additional Features

Help With Returning To Work

These plans provide incentives to help you get back to work. For instance, you'll get help paying for some of the expenses associated with participating in an approved rehabilitation plan including training, education and job search expenses. While you are participating in an approved rehabilitation plan, your Long Term Disability benefit will be increased by 10% of your eligible earnings. Your benefit may not exceed the maximum benefit as a result of this increase.

Survivors Benefit

If you die while receiving benefits and have been continuously disabled for at least 180 days, your eligible survivors may receive a one-time additional payment equal to six times your unreduced Long Term Disability benefit. Any benefit payable will first be applied to any overpayment of your claim due to The Standard.

Family Care Expense Benefit

Applies if you are disabled, have returned to work and pay family care expenses while you continue to receive Long Term Disability benefits. For 24 months, your calculated work earnings will be reduced by a portion of qualified expenses (up to \$250 per dependent or \$500 per family, per month).

Dependent Education Benefit

Provides a monthly benefit of \$300 for each eligible student (children or spouse) in your household for up to 48 months. The student must be registered and in full-time attendance at an accredited educational institution beyond high school and under age 22. This benefit will first be applied to any overpayment of your claim due to The Standard.

24-Hour Coverage

These plans provide coverage for disabilities occurring on and off the job.

Tax-free Benefits

Long Term Disability benefits are tax-free when premium payments are made with "after-tax" dollars under current federal and state income tax laws.

Conversion

You may have the option to obtain Long Term Disability conversion insurance after the termination of your insurance with State of California, if you meet the requirements defined by the group policy and have been insured continuously under the Group Long Term Disability plan for at least one year.

How Much Your Coverage Costs

If you choose to purchase coverage, you'll have access to competitive group rates that may be more affordable than those available through individual insurance. You'll also have the convenience of having your premium deducted directly from your paycheck.

How much your premium costs depends on your age and benefit amount. You can calculate your monthly premium payment online at standard.com/mybenefits/california or use the formula below.

Use this formula to estimate your monthly premium payment for your coverage:

Important Details

Here's where you'll find the details about the plan.

Eligibility Requirements

To be eligible for coverage, you must be:

- An active excluded employee who is appointed to a permanent half-time or greater position and is actively at work
- A citizen or resident of the United States or Canada
- One of the following classifications:
 - Constitutional Officers, other than legislative members (E92)
 - Managerial (M, E50, E59, E79, E99)
 - Supervisory (S, E48, E58, E68, E78, E98)
 - Confidential (C, E97)
 - Excluded/Exempt (E88, E89)
- An employee whose position was redesignated to E01 through E21, E67 or E77, who was insured under the State of California's group long term disability insurance plan for excluded employees immediately prior to the redesignation, and who has remained continuously insured under that plan

Seasonal employees, full-time members of the armed forces, leased employees and independent contractors are not eligible. Temporary employees (other than employees on limited term appointments who have mandatory right of return to positions and statuses under which the employees will meet the definition of a member above) are also not eligible.

Employee Coverage Effective Date

To become insured you must:

- Meet the eligibility requirements listed above
- Apply for coverage and agree to pay premiums
- Be actively at work (able to perform with reasonable continuity the substantial and material acts of your own occupation with the State of California)

If you are not actively at work on the day before the scheduled effective date of insurance, your insurance will not become effective until the day after you complete one full day of active work as an eligible employee.

Online enrollment applications processed by the tenth of the month will ensure you have coverage the first day of the following month, as long as you are actively at work. If your online enrollment application is processed after the tenth of the month, your coverage will become effective on the first day of the second calendar month following the date you apply, as long as you are actively at work.

Definition of Disability

For the benefit waiting period and the first 24 months that Long Term Disability benefits are payable, you will be considered disabled if, as a result of physical disease, injury, pregnancy or mental disorder:

- You are unable to perform with reasonable continuity the substantial and material acts necessary to pursue duties of your own occupation and you are not working in your own occupation, or
- You are unable to earn 80% or more of your predisability earnings when working in your own occupation.

You are not considered disabled merely because your right to perform your own occupation is restricted, including a restriction or loss of license. The loss of a professional license, occupational license, or certification does not, in itself, constitute disability.

After the own occupation period of disability, you will be considered disabled if, as a result of a physical disease, injury, pregnancy or mental disorder, you are unable to engage with reasonable continuity in any occupation, or you are working in an occupation but are unable to engage with reasonable continuity in that occupation or any occupation.

Any occupation means all occupations or employment which you could reasonably be expected to perform satisfactorily in light of your age, education, training, experience, station in life, and physical and mental capacity at an occupation within a reasonable distance from your residence, an equivalent distance to your work before disability, or the regional labor market if you reside in a metropolitan area.

Exclusions

You are not covered for a disability caused or contributed to by any of the following:

- Your committing or attempting to commit a felony
- An intentionally self-inflicted injury, while sane or insane
- War or any act of war (declared or undeclared and any substantial armed conflict between organized forces of a military nature)
- Your active participation in a violent disorder or riot
- A preexisting condition or the medical or surgical treatment of a preexisting condition unless on the date you become disabled, you have been continuously insured under the group policy for the exclusion period and you have been actively at work for at least one full day after the end of the exclusion period

Preexisting Condition Provision

A preexisting condition is:

- A diagnosed mental or physical condition for which you received medical treatment, care or services or have taken prescribed medication at any time during the preexisting condition period just before your insurance becomes effective

Preexisting Condition Period: The 90-day period just before your insurance becomes effective

Exclusion Period: 12 months

The preexisting condition exclusion will no longer apply once you have been insured under the Long Term Disability plan for 12 months and have been actively working for at least one full day after those 12 months.

If you become insured with the 55% option and later elect to change your coverage to the 65% option, the increase in coverage will be subject to a new preexisting condition exclusion. If you subsequently become disabled and benefits are not payable at the 65% benefit option due to the new preexisting condition exclusion, your claim will be administered as if you had not changed coverage options.

Limitations

Long Term Disability benefits are not payable for any period when you are:

- Not receiving care by a physician which is appropriate for the condition(s) causing the disability
- Not participating in good faith in a plan, program or course of medical treatment or vocational training or education approved by The Standard unless your disability prevents you from participating

In addition, the length of time you can receive Long Term Disability payments will be limited if:

- Your disability is caused or contributed to by mental disorders, musculoskeletal and connective tissue disorders, chronic fatigue conditions or chemical and environmental sensitivities

When Your Benefits End

Your Long Term Disability benefits end automatically on the date any of the following occur:

- You are no longer disabled
- Your maximum benefit period ends
- Benefits become payable under any other long term disability plan under which you become insured through employment during a period of temporary recovery
- You fail to provide proof of continued disability and entitlement to benefits
- The date your work earnings equal or exceed 80% of your indexed predisability earnings
- You pass away

Deductible Income

Your benefits will be reduced if you have deductible income, which is income you receive or are entitled to receive while receiving Long Term Disability benefits. [Deductible income includes:](#)

- Sick pay, severance pay or other forms of salary continuation, including donated amounts (but not vacation pay, annual leave pay or personal leave pay) paid to you by your employer
- Benefits under any workers' compensation law (other than California Workers' Compensation benefits for permanent total and permanent partial disability) or similar law
- Social Security retirement benefits you receive
- Social Security disability benefits received or are entitled to receive, including benefits for your spouse and children
- Amounts because of your disability from any other group insurance that exceed 80% of your indexed predisability earnings when added to your Long Term Disability benefit
- Any disability benefits you received or are entitled to receive from your employer's retirement plan, such as CalPERS or STRS
- Any retirement benefits you received from your employer's retirement plan, such as CalPERS or STRS
- Benefits you receive or are entitled to receive under any state disability income benefit law or similar law
- Earnings from work activity while you are disabled
- Any amount of third party liability payments you receive by judgment, settlement or other method
- Any amount you receive by compromise, settlement or other method as a result of a claim for any of the above

Benefit Calculation Example

The Long Term Disability benefit amount is determined by multiplying your insured predisability earnings by your chosen benefit percentage. This amount is then reduced by deductible income.

Below is an example that illustrates how the benefit amount is calculated under both benefit percentage options.

Chris¹ is 49, single and has worked for the state for eight years as an accountant. He made \$69,840 a year (\$5,820 per month) before an accident resulted in his being disabled from that occupation. His doctor says he will probably be unable to work for two years. Chris' disability is not severe enough to meet the Social Security definition of disability, but he is receiving a monthly CalPERS disability retirement benefit of \$607.

With Group LTD	79%	93%

¹Chris is a fictional example. His CalPERS benefit is estimated based on current income, age and years of service.

³Your Long Term Disability benefit amount may vary based on your own circumstances including earnings, whether your employer has a retirement plan and the amount of your employer's contribution.

When Your Insurance Ends

Your insurance ends automatically when any of the following occur:

- The date the last period ends for which a premium was paid
- The date your employment terminates
- The date the group policy terminates
- The date you cease to meet the eligibility requirements (insurance may continue for limited periods under certain circumstances)

Group Insurance Certificate

If coverage becomes effective and you become insured, you can view a group insurance certificate containing a detailed description of the insurance coverage, including the definitions, exclusions, limitations, reductions and terminating events at standard.com/mybenefits/california. The controlling provisions will be in the group policy. The information present in this summary does not modify the group policy, certificate or the insurance coverage in any way.

Group Accident Insurance

Keep your finances on track when an accident happens.

Here's how Accident coverage works

1. You have an accident.	2. We pay you benefits.	3. You focus on getting better.
You submit a claim. Your health insurance covers some costs after you meet your deductible. But you still may have copays and a lot of out-of-pocket expenses.	Once we approve your claim, we'll pay you directly, not your medical providers. You decide how you spend the money.	With extra financial support from The Standard, you can focus on your recovery instead of worrying about expenses.

Here's what it does:

- Pays you directly, so you can choose how to spend the money.
- Take it with you if you leave your employer.
- Provides coverage without answering any medical questions.
- Gives you the option to cover your spouse or domestic partner.
- If you sustain multiple fractures and/or dislocations in a covered accident, you'll receive payment for each of those injuries.
- Critical Care Unit Admission and Daily Critical Care Unit Confinement benefits pay in addition to the Hospital Admission and Daily Hospital Confinement benefits.
- Pays \$100 for a health maintenance screening once per insured per calendar year for receiving one covered health screening.
- Simplifies claim submission by paying some related benefits without additional documentation on select approved claims.
- Provides 24-hour coverage, including coverage for accidents that occur on and off the job.

This coverage from Standard Insurance Company (The Standard) can help you stress less about unexpected medical bills.

Group Critical Illness Insurance

Plan for the Costs of a Serious Illness So You Can Focus on Getting Well.

1 You get a critical illness diagnosis

Your health insurance covers many of your treatment costs, but you still have a lot of expenses that your finances aren't ready for.

2 The Standard is there for you

The Standard helps shield your finances by paying benefits directly to you. And you get to decide how you spend that money.

3 Focus on getting better

With The Standard helping cover your out-of-pocket or everyday expenses, you get to concentrate on what's most important to you, getting better.

Here's what it does:

- Pays you directly, so you can choose how to spend the money
- Goes with you if you leave your employer
- Provides coverage without answering any medical questions
- Covers children at a 50% of your benefit amount at no additional cost
- Gives you the option to cover your spouse or domestic partner

This coverage from Standard Insurance Company (The Standard) helps fill the gap caused by out-of-pocket costs, creating a financial safety net for you and your family.

Here's how it works:

Cancer: Shayna beat cancer, but faced many costs she didn't expect. There were her medical plan's copays for doctor visits and what she owed for chemotherapy after meeting her deductible. She also bought hair prosthetics, paid for travel to specialists, and had alternative treatments. The benefits from Shayna's Critical Illness coverage helped cover the expenses. And, her plan also gave her access to Health Advocate™. Through this service, Shayna received the support of a personal guide who helped her make sense of her diagnosis and treatment options.

Here's an example of what this benefit could cover:

Example Of Out-Of-Pocket Expenses

Medical plan	\$1,400
Lost wages	\$5,000
Alternate treatments and diets not covered by medical plan	\$4,500
Total Out-Of-Pocket Expenses	\$10,900

Example Of Benefits

Critical Illness Benefit Option	\$10,000
Total Out-Of-Pocket Expenses	\$10,900
Remaining Out-Of-Pocket Expenses	\$900
Remaining Benefit For Other Expenses	\$0

These are the benefit options you may elect:

Coverage for...	Coverage Amount...
You	Flat amount of \$10,000
Your spouse	Flat amount of \$10,000
Your children	Automatically covered at 50% of your coverage amount

Here's what it would cost you:

IMPORTANT NOTICE TO PERSONS ON MEDICARE: THIS IS NOT MEDICARE SUPPLEMENT INSURANCE

Some healthcare services paid for by Medicare may also trigger the payment of benefits from this policy.

This insurance pays a fixed dollar amount, regardless of your expenses, if you meet the policy conditions, for one of the specific diseases or health conditions named in the policy. It does not pay your Medicare deductibles or coinsurance and is not a substitute for Medicare Supplement insurance.

Medicare generally pays for most or all of these expenses.

Medicare pays extensive benefits for medically necessary services regardless of the reason you need them. These include:

- Hospitalization
- Physician services
- Hospice
- Outpatient prescription drugs if you are enrolled in Medicare Part D
- Other approved items and services

This policy must pay benefits without regard to other health benefit coverage to which you may be entitled under Medicare or other insurance.

Before you buy this insurance:

- Check the coverage in all health insurance policies you already have.
- For more information about Medicare and Medicare Supplement insurance, review the Guide to Health Insurance for People with Medicare, available from Standard Insurance Company.
